Rules & Regulations

1. All entrants **MUST** be in good standing with AHEPA with dues paid through December 31, 2017
 2. Each bowler **MUST** enter the tournament using his **HIGHEST** league average from the 2015-2016 season. If an entrant's current average on 12/31/16 was 10 pins higher than his 2015-2016 average, he must use current average.
 3. If an entrant does not have a 2015-2016 league average but is currently in a league and has bowled as least 21 games, he shall use his current average.
 4. Anyone entering the tournament with no average shall be assigned one based on his total pin fall for all games bowled.
 5. The office of the National Bowling Director carries names of non league bowlers who have established an average based on their participation in past District and National Tournaments. For these entrants, the respective tournament will be used.
 6. Handicap shall be established based on ninety per cent (90%) of the difference between the entrants entering average and 220, with no decimal points. There is no limit on handicap.
Example: assume an entering average of 150... $220-150=70$ pins $\times 90\% = 63$ pins
1. Any disputes will be handled by the tournament director, George Kontos, along with his committee.
